

SARAH'S PERFECT PROFILE GUIDE

SIX PHOTOS

1

ONLY YOU

Your main profile photo should be JUST you. Smiling, in focus, no costumes or weird backgrounds, no gym photos/selfies (PLEASE), and not too far away!

2

MODEL BEHAVIOR

Modelly glam shot that showcases you looking and feeling your most gorgeous!

3

BORN TO BE WILD

Use this shot to show a cool place you've been or a unique adventure you've traveled to that holds meaning to you!

4

YOU'RE MY BEST FRIEND

Show us a shot with your bestie, but make sure the photo has no more than 2 other people! We need to be able to easily decipher who you are!

5

FUNNY HONEY

This is a good place to include a fun, silly, or costumed photo. It's also a cute opportunity to help visually represent your sense of humor.

6

ALWAYS BE MY BABY

Who could resist a cute picture of you with a baby, or an animal, or better yet, a baby animal!

IT'S ALL ABOUT YOU

Fill out at least three prompts, and always include a bio. Your bio should be honest and upfront about what you're looking for. It can be infused with a little humor, sarcasm, or quirkiness, but it should feel truthful and authentic to you!
